

## Park Fun and Sports Day a great success.

Working with, and on behalf of, local residents, Libdems Karen and Howard Henshaw have proved to be very keen and active supporters of the regeneration of King George 5 Park on Heeley Road. The FUN and SPORTS DAY held on 7th Sept. was a real success. The weather ensured a rain-free sunny afternoon and many local people attended. Local residents not only supported the event as a whole but also contributed their views and ideas to the plans for improvements to the park. Margaret Jess and her committee are to be congratulated on their success in staging such a popular event. We wish them every success in their grant application.

Attached photo shows Karen Henshaw attempting to negotiate the climbing wall.
